

Everything you ever wanted to know about.....

Cloud Computing and more:

A Seminar on Cloud Computing will be held on **7th October 2011 at the Jindalee Hotel and Function Centre, Cnr Sinnamon and Goggs Road, Jindalee.** This seminar is open all ACQ members and their industry colleagues as the knowledge base on Cloud Computing is a relatively new development in the aged care, community care and retirement living sectors.

ACQ has been fortunate to attract **Bill Singleton an IT expert and partner in the Hynes Legal Group.** He has dual qualifications in IT and law and is admitted to practice both as a lawyer and an IT professional. This means that Bill's ICT qualifications and experience have been independently validated by the Australian Computer Society, allowing him to advise on both legal and IT aspects of technology procurement. Bill has 15 years of experience in the IT industry, including as a senior executive in a multinational telecommunications company.. Bill specialises in technology transactions, IP licensing and Internet issues.

On the podium he will be joined **by David Cooke, Head of Health and Aged Care Solutions at NEC Australia.** In 2010 NEC was chosen by ACIITC to establish an 'aged care cloud' to host the computer programs that a number of vendors have designed specifically for Australian aged care providers and offer them over the internet on a pay as you go basis, like a mobile phone plan. He is highly regarded in the industry and has a successful track record in implementing IT Solutions for both large and small organisations.

Venue: Jindalee Hotel | 7am Breakfast | 7.30- 9.30 Seminar. | CPD Credits available
